PRESS RELEASE

UPDATE ON THE FOOT AND MOUTH DISEASE OUTBREAK

Farmers, members of the public and stakeholders are informed that;

1. Laboratory investigations on the suspected cases of Foot and Mouth Disease (FMD) in zone 11, Kgatleng district in Oodi (Dikwididi) and Mochudi East extension areas have confirmed FMD outbreak.
2. Appropriate animal health control measures which include emergency vaccination, movement controls, surveillance, biosecurity measures are being implemented to contain and determine the extent of the outbreak.
3. The movement restrictions announced in the press release of the 4th September 2026 (attached) will remain in place, while appropriate animal health control measures are being implemented.
4. The public is directed to the FMD dashboard URL for regular updates at URL: <https://govbw.maps.arcgis.com/apps/dashboards/6fd60f3bafc94814a8fa33576b8fd9bd>

Farmers, members of the public and stakeholders are urged to comply with the disease prevention measures, remain vigilant and **report any signs** of illness in livestock to the nearest **Department of Veterinary Services or Botswana Police Service** offices.

The press release supersedes the previously announced movement protocols.

For more information, please contact the National Emergency Operations Centre; telephone 3934505 and 3934510 or toll free – 0800600130 or WhatsApp: 77702971 or email – fmdneoc@gov.bw or MoLA Public Relations Office at 3689151.
